Kapenstein, acknowledged Tuesday that, "like a lot of people, he (O'Brien) has been mulling over his own future."

Until President Johnson announced his decision not to seek re-election March 31, O'Brien made it a point to spread the word that he was sticking with the President so long as his Vietnam policy did not call for total military victory.

O'Brien's decision at that time surprised many who thought loyalty to the Kennedy clan would dictate throwing his

"Poor people's" march set for next month

ATLANTA (UPI)—The Southern Christian Leadership Conference will conduct a "poor people's" march on Washington next month despite the murder of Dr. Martin Luther King Jr., organizer of the crusade, King's widow Coretta, who will participate in the demonstration, Wednesday was named to the SCLC board of directors.

Plans now call for Mrs. King to participate in a delayed march on the nation's capital. The crusade her husband conceived was to have begun April 22, but now will be held in mid-May.

Mrs. King and Harry Belafonte, the Negro singer, were named to the board of the

lot in with Robert Kennedy's presidential bid, O'Brien was a major figure in John F. Kennedy senatorial campaigns in 1952 and 1958 and his presidential campaign in 1960.

Kapenstein said O'Brien was considering an offer "in the private sector" as well as possibilities in government and politics.

But rumors abounded that he would throw in with Kennedy, and CBS News said he would resign Thursday to join the campaign.

O'Brien, 50, directed Johnson's 1964 election campaign. He was named postmaster general in 1965. He had served Kennedy as a White House aide.

Abrams new military commander in Vietnam

WASHINGTON (UPI)—The appointment of Gen. Creighton W. Abrams as U.S. military commander in Vietnam appeared today as another move toward "Vietnamizing" the war.

Communist tanks, troops scurry for cover

By JACK WALSH
SAIGON (UPI)—American forces today swept triumphantly through South Vietnam's northwest corner with Communist tanks and troops scurrying for cover.

U.S. Army forces pushed past the Lang Vel Green Beret camp that they lost Feb. 6 in their first battle with Communist tanks and which they recaptured Wednesday in their latest fight with the Russian-made armor. Air power knocked out one of the fleeing Communist tanks Wednesday.

American spokesmen also said that last week, despite President Johnson's push for peace talks with North Vietnam, combat brought the second highest weekly U.S. casualty toll of the war. The toll included 279 Americans killed, bringing to 5,057 the number of U.S. servicemen killed in Vietnam action this year.

Second Highest Toll
Last week 3,190 Americans suffered combat wounds. The week's total of 3,469 killed and wounded was second only to the previous week's figure of 4,216 as the highest of the war.

Military spokesmen said the South Vietnamese forces last week suffered 407 men killed and 1,479 wounded plus 14 missing in action. The allied forces killed 2,251 Communists last week, raising the number of Viet Cong and North Vietnamese troops killed in 1968 in South Vietnam to 71,291.

Many of the American casualties last week came in the 20,000-man allied drive that drove a North Vietnamese force of 16,000 to 20,000 men from Khe Sanh. The Communists, contrary to many predictions—including Hanoi's, did not stand and fight. The Reds fled south

C. Westmoreland, who becomes Army chief of staff July 2.

Johnson also named Adm. John S. McCain Jr., 59, London-based commander of U.S. naval forces in Europe for the past year, as commander of U.S. forces in the Pacific. He succeeds Adm. Ulysses S.G.

Sharp who is retiring.

Abrams' appointment, while not signaling any major change in policy, did seem to accelerate the increasing emphasis on giving the South Vietnamese a bigger hand in the war.

Abrams, who has been deputy to Westmoreland since June,

has been a staunch defender of the oft-criticized Army of South Vietnam (ARVN), maintaining it could not be expected to fight more effectively unless it had better equipment.

He was mainly responsible for much of the new equipment which the ARVN has received since he was named deputy commander in Vietnam.

President Johnson announced on March 31 that the United States would step up its supplying of ARVN with modern weapons as the South Vietnamese accelerated their participation in the fighting.

Coincidental with Abrams' appointment was a request Wednesday by President Nguyen Van Thieu for legislative approval of a general mobilization in South Vietnam.

Johnson had set the more northern 20th parallel as the limit for strikes in his March 31 bombing slowdown bid for talks with Hanoi.

U.S. spokesmen said 21,054 American servicemen have been killed in combat from Jan. 1, 1961, through last week.

Race violence flares in Kansas City, Mo.

By United Press International
Negroes firebombed entire blocks of businesses and fought gunbattles with police early today in Kansas City, Mo., where five persons were killed Wednesday night. Troops enforced the calm in Trenton, N.J.

Violence that followed the assassination of Dr. Martin Luther King a week ago dwindled elsewhere in the nation.

Chicago, Baltimore and Washington, scenes of some of the worst violence, were returning to normal although more than 15,000 federal troops were still

on duty in the three cities. National Guard troops remained in Pittsburgh.

The known death toll in the week of racial disorders rose to 43 and arrests neared 200,000. At least 125 cities were involved.

LBJ gets civil rights bill

By ANN WOOD
WASHINGTON (UPI)—An unprecedented civil rights bill forbidding discrimination in most of the nation's housing—given virtually no chance just a few months ago—was on President Johnson's desk today awaiting his signature to become law.

In an emotional session, the House Wednesday sent the bill to the White House on a 250-171 vote in a quick response to the assassination of Dr. Martin Luther King Jr., and the violence that has wracked the nation in the past week.

A cheer went up as the bill passed. Despite the glee on Capitol Hill and among administration officials, the House action drew a frosty reaction from several of the country's most important Negro leaders.

Seeks More Action
"This is a great stride toward freedom of white America, but it is barely a step forward for black America," said the Rev. Ralph D. Abernathy, heir to King's leadership of the Southern Christian Leadership Conference.

"New York has had this type of bill for 10 years and we still have the ghetto," Mississippi civil rights leader Charles Evers, said his reaction.

Play tryouts

All children of Putnam County are invited to try out for parts in "Rumpelstiltskin" this Monday evening at 7:00 in Gobin Methodist Church basement. There will be four leading parts and those trying for these should bring their own music.

This production will be given June 13, 14, & 15. Directors for this Putnam County Playhouse Musical are Mrs. Jamison Jones and James Poor.

was "negative." "Hundreds of laws are on the books and none of them are being enforced," the NAACP official said. "Until they are ready to enforce the ones already passed, why adopt any more?"

The most crucial test came before final passage, when the House nailed in the Senate-passed language of the bill by rejecting, 229-195, a move aimed at detouring it to a conference committee for modifications. Democrats and Republicans split on both votes.

Johnson Hails Bill
President Johnson called the bill, "a victory for every American."

The bill will outlaw racial discrimination in the sale or rental of 80 per cent of the nation's homes and apartments by 1970. For this year, it will

mainly cover federally owned or financed housing already covered as an executive order issued by President Kennedy in 1962.

The real effect will come in 1969, when the bill extends to other apartment housing and real estate developments and in 1970 when it covers private homes sold through brokers.

There will be two main exemptions: an owner selling his own home, and an owner renting no more than four units in his own dwelling.

The bill also contains federal penalties for crossing state lines or using interstate facilities to incite riots, penalties for interference with persons carrying out lawful rights ranging from working to voting, and a set of rights for Indian tribes.

DEAR FOLKS:

It does my heart real good to get a Letter of Love from you, but I rarely print them even though they do keep me going. I'm always afraid you all would think I'd made them up.

But I want to share a letter with you this once because you sent so many more like it. "I read your column in the paper entitled, 'Don't Fall for Heavy Housecleaning,' and I just had to write this note to you. Did that article hit home?"

"I'm the housewife who is forever dusting and scrubbing as though our house were going to be inspected. My meticulous habits even carry over to the children who have to look as if they are about to be entered in a fashion contest. 'The article really hit home because I just got out of the hospital where I had been for a month with pneumonia. Now that I have recovered from that, the doctor has me on tranquilizers.'"

"Believe me, you did more for me than a month's supply of those pills. 'I truly believe I will take my housecleaning chores at a more relaxed pace — because 'Heloise said so.' 'Tomorrow is another day and perhaps my two girls and

Folks, we had so many responses to that column, I just had to share one letter with you.

All I said was, "If you want an EXCUSE not to do it say 'Heloise said so,' and don't knock yourself into a tizzy or have a breakdown trying to have everything perfect. Nobody else does..."

So don't work yourself to death, gals, and keep in mind that THE SECOND WIFE ALWAYS HAS A MAID.

We sure hope you're all well now, Mrs. Funk. A great big God bless you.

My family loves avocados, so I buy several each week. But sometimes I only use half of one in a small salad and have to store the other half in the hydrator of my refrigerator.

I have learned if I spread a coating of oleo over the cut edges that it doesn't turn dark if I wait several days to use it.

Result: No waste since I don't have to trim off the dark rim of that delicious avocado.

Mr. Chauncey H. Phillips was guest of honor at a dinner party for bank personnel and their families held at Torr's Restaurant Friday evening. Mr. Phillips retired as cashier of the First National Bank on March 30, 1968. Chauncey, as most persons call him, came to the bank as bookkeeper in 1933 after having served as bookkeeper in the Amo bank for several years. Mr. Phillips has the desire to do some extensive traveling, therefore he is really looking forward to retirement.

Mr. and Mrs. Clifford Hadley were guests at the retirement party to show slides of many different countries and states they have visited.

When Mr. Phillips was asked what his immediate plans were he answered that he looked forward to a trip to Minnesota where he is interested in some history and in mid May he would take a trip to Europe with a visit to a number of countries and a stay long enough to see what he had for several years longed to view.

During his years in the bank he has been a friendly and courteous employee and has the sincere respect of all bank officials and patrons. Mr. B. E. Lydick, president of the bank announces the appointment of Mrs. Dorothy F. Jenkins as cashier, and Mr. Douglas K. Phillips as assistant cashier and

assistant trust officer for the bank.

Here is a little story of "high finance" told by a successful business man of one of the counties largest towns. A few weeks ago when our worst snow storm came this man's driveway was knee deep in drifts and his wife advised him to hire them cleared. When he went outside he saw a fifteen year old lad he knew approaching and asked him what his charge would be to clean the drive. The boy stated that first of all, he was not seeking employment and that if he were his charge would be five dollars. Since his mother had only moments before handed him a five he didn't need any more.

This man went on to say that he did the job himself in some twenty minutes. "I am wondering," he continued if I'm hopelessly behind the times, lost my bearings or what has happened to this country! When I was that boy's age I would have been tickled pink to have cleaned that driveway for a quarter."

Looks as if the old town might have some baseball again this summer. On Monday, April 15, Richard Trump will be chairman to an organization meeting to form both a Pee Wee and a Little League team. It is good to see folks interested in our

boys and directing them into clean sports that keeps them interested and busy throughout the summer. Many folks here enjoy going to the old school ground diamond to see the boys play each week.

Hog killing came close to home this week when on a Mr. Parson's farm near Danville some \$1500 worth of 250 pound porkers were driven into an excavated pit and executed with high powered rifles and 410 shot guns. A lot of good food was then covered with dirt. Many of us are in a study about these proceedings. Hard to say who has the right answer.

The board of commissioners of Coatesville have ordered that all dogs and cats be vaccinated on or before April 13. A veterinarian will be at the fire station on the date given for all who desire his services. Many dogs and particularly big ones are running all over town these spring days. They seem to make a problem in every town and city. Town marshalls and police would rather not shoot them and in most places there is no dog pound, hence the problem.

Mr. Ollie McCloud, a man of 87 years became extremely ill of a heart attack Tuesday night and was hurried to the Putnam County Hospital. A report from his family Saturday was that Mr. McCloud was considerably better.

Word has been received from Naples, Florida that Miss Hazel Poer has lately been subject to two heart attacks and had spent several days in the hospital. Hazel is a well known lady of both Amo and Coatesville as a former township teacher and later a retired teacher from the Elwood School System.

Mr. and Mrs. Harold Powell, former Coatesville business people, write a local friend that they have recently returned to their home in Franklin. They spent the winter months on Florida's west coast.

Reverend Samuel Phillips, Conference Secretary of Missions of the North West Indiana Conference, will speak and show pictures of Vietnam at the Coatesville Methodist Church Tuesday evening, April 16, at 7:30 p.m. Everyone is urged to come and profit by this worthwhile program. Reverend Phillips is the minister of the Methodist Church at Monticello.

Mr. Chester Walton, from the state of Oregon, is visiting relatives and friends in town this week and next. The last time this writer remembers seeing Chester was in 1901 when he entered the first grade at the old Rose Cottage School and I was an eighth grader. The little lad that I knew then is a man now of 72 years with hair as white as snow. We knew each other Sunday morning at church and shook hands and laughed at our changed conditions.

Miss Linda Coffey, daughter of Mr. and Mrs. Charles Coffey of Coatesville and Ralph Montooth, son of Mr. and Mrs. Albert Montooth of Stilesville were united in marriage Saturday April 6 at 2:00 o'clock at the Belleville Methodist Church. Miss Coffey had as her attendants, Misses Jody Harper, maid of honor, Roberta Runnels, and Diane Coffey, bridesmaids. Mrs. Robert Stanz was best man and ushers were Dave Hampton and Norman Pickett. The married couple will make their home in Danville.

Easter Sunday is coming and Good Friday and Easter bring to mind a tragedy of several years ago. An hour before school dismissed on Friday the janitor came into my school office and announced that moments before more than a ton slate had fallen at a nearby mine and crushed to death three men, the two Steele boys who owned the mine and a Terre Haute business man. I knew the Steele boys for they the death message two mothers came to my school and left with a weeping seventh grade daughter and a sorrowing eighth grade son.

As I drove home that evening every road side thicket was white with dogwood bloom and every hill side was pink with red bud. I had left death behind and all

about me was a glorious spring time resurrection. On Sunday the minister spoke of a great promise that Christ had made to all mankind. "I am the resurrection and the Life. He that believeth on Me, though he were dead, yet shall he live and he liveth and believeth shall never die." All around me was a radiant Easter spirit but my mind kept going back to three families whose joy had been taken away.

We should not as Americans neglect the birthday Saturday of Thomas Jefferson, author of the Declaration of Independence. He was a fair architect and inventor, a good botanist, a first class fiddler, and a man "as honest as the daylight." He was a President of these United States and he and John Adams died in the same year on the 4th day of July.

Firing across Jordan River

AMMAN (UPI)—A military spokesman said Jordan and Israel today fought a 45-minute tank and artillery duel across the Jordan River.

The Jordanian spokesman said Israeli opened fire with tanks and medium artillery at Kureima about 30 miles northwest of Amman on the east bank of the Jordan River, the Jordan-Israel ceasefire line.

"Jordanian artillery returned the fire, bombarding Israeli artillery positions," the spokesman said.

There were no Jordanian casualties, the spokesman said. Kureima is half way between the Dead Sea and the Sea of Galilee.

Wrong Red LONDON (UPI)—A divorce court judge refused Mrs. June Porter a divorce after her husband convinced him red marks she found on his handkerchief were not from the lipstick of any other woman — merely from his wife's red panties, which had run in the washing machine.

"TITLE" CONTENDERS—World Boxing Association version of the heavyweight championship pits Jerry Quarry of Los Angeles and Jimmy Ellis of Louisville against each other for the title April 27 in Oakland, Calif. They are the finalists in an eight-man elimination tourney that was staged when the title was stripped from Cassius Clay.

Tony Jacklin says he will be a top contender

By DAVID M. MOFFIT
UPI Sports Writer

AUGUSTA, Ga. (UPI)—Tony Jacklin, a tough little Englishman who has been battling the odds since he was nine years old, doesn't want people to think he's cocky but he's convinced he's going to be a definite contender in this week's Masters Tournament.

"I've already proven what I can do," said the handsome, 23-year-old pro. "Now, it's just a question of keeping my composure and playing the sort of game of which I am capable."

Only one other foreigner, South Africa's Gary Player in 1961, has won the Masters. But, with the exception of Player, no foreign golfer in recent years has shown the aggressiveness displayed by Jacklin, already rated as England's best golfer in more than a generation.

Second Try
This 32nd Masters, which begins Thursday, will be Jacklin's second. He got into his first last year as a last-minute alternate for Neil Coles who refused to fly here from England.

But Jacklin earned this year's invitation on his own by tying for 16th here last year after being tied for second, only one stroke off the pace, at the halfway mark.

A COUPLE OF GENUINE hillbillies were drafted, and boarded a train for the very first time to report for induction. An attendant soon walked through the car selling bananas — which they never had seen before, either. As one of them took his first tentative bite into his banana, the train entered a long tunnel. He cried to his companion, "Don't touch that banana or whatever they call it, Bud! I've took just one bite and gone blind!"

Tough old Farmer Potter fired a promising new worker on his dairy farm, and Mrs. Potter protested. "That was a nice boy," she pointed out. "He didn't drink, smoke, or chase after the girls. What did you have against him?" Farmer Potter told her grimly. "He ate margarine."

DEAR HELOISE:

I happen to have a small turkey roaster with an oval top (dome) and use it to bake the cutest egg-shaped cake for Easter.

I use enough cake mix to almost fill the roaster top and the handle fits between the wires of the rack of my oven when I put it in.

When I dump it out of the pan, I leave the cake upside down, and it looks like half of a large egg.

After icing it, I put green tinted coconut around the edge with candy eggs on the "grass."

Feminine horizon

By HORTENSE MYERS
INDIANAPOLIS (UPI) — The two women who constitute Indiana's only team entered in the 1968 Angel Derby from Nicaragua to Florida are believers in the adage that if at first you don't succeed—try again.

Mrs. Larry Mahoney and Miss Rae Cawdell, both of Indianapolis, will leave Weir Cook Airport here Monday for Managua, Nicaragua. They competed for the first time last year as a team in the All Women's International Air Race, which is the formal name of the Angel Derby, but did not win.

This year, Mrs. Minerva Mahoney and Miss Cawdell will try again, using a different plane and changing places as to pilot and co-pilot. In the 1967 Angel Derby from Montreal to Miami, Rae was pilot and Minerva co-pilot and they were flying a Cherokee 140. This time Minerva will pilot and they will fly a Piper Cherokee Six.

Preliminaries April 18
The race will begin April 22 but ground-level preliminary activities start April 18. The flight will be from Managua to Panama City, Fla., with designated stops at Tapachula and Tampico, Mexico, and McAllen, Tex., and flyover points for position report at San Salvador and Vera Cruz. Stops may be made, but are not required at Lake Charles, La., and Mobile, Ala.

The Hoosiers will compete against about 40 other teams in a race in which handicaps are

based on tests speeds, the particular plane and race performance over the past four years. Awards totaling \$2,500 will be made to the first six winners.

Minerva, a registered nurse, has held a private pilot's license since 1966. Rae began taking flying lessons after her first plane flight "about 12 or 15 years ago." She was chairman of the first Indiana Air Race sponsored by the Ninety-Nines, an international organization of licensed women pilots, in 1960 and was second-place winner in the 1962 Indiana race and co-pilot of the winning plane in a similar Michigan race for women pilots in 1964.

Works for Airline
Currently Rae works for Lake Central Airlines as administrative assistant in the advertising and public relations department, but she faces a tough decision for a Hoosier. Lake Central and Allegheny Airlines have merged and the headquarters are to be moved to Pittsburgh and Washington. So Rae must decide whether to move or try for another job in her native state.

She formerly worked for eight years for the Indianapolis Star and News as an assistant to Willard Worcester, now of Muncie, but then general manager of the central division for Indianapolis Newspapers, Inc.

Rae moved to Florida after her mother's death and worked for a time for Radio Station WSUN in St. Petersburg, before returning to Indianapolis.

Acreage control enrollment

WASHINGTON (UPI) — Record farmer enrollment in the government's acreage control programs for grains will push 1968 direct federal payments to feed grain, wheat and cotton producers up to an estimated \$2.85 billion.

The growers, who collect government checks in return for idling part of their acreage, would get about \$326 million more this year than in 1967 on the basis of current estimates.

Final program enrollment reports prepared by the Agriculture Department showed 1.5 million farms growing corn and grain sorghum had signed agreements to idle nearly 34.3 million acres this year.

The growers stand to collect \$1.32 billion in direct federal payments.

Will discontinue two trains

WASHINGTON (UPI) — The Interstate Commerce Commission today gave Penn Central permission to discontinue two passenger trains between Logansport, Ind., and Louisville, Ky.

However, the ICC ordered an investigation into Penn Central's request to drop another train between Chicago and New York and another between Pittsburgh and Chicago.

Penn Central was authorized to drop Trains No. 94 and 95 between Logansport and Louisville on April 21. The proposed date for discontinuing No. 50 between Chicago and New York and No. 53 between Pittsburgh and Chicago was postponed from April 21 to Aug. 21.

Penn Central said it wanted to drop the train runs because of a lack of sufficient numbers of passengers and a resulting revenue loss.

Denounced

ROME (UPI) — Leftwing students dragged an American flag through the streets of Rome and repeatedly trampled it Monday night. They cleaned passing cars with the flag and shouted "Washington is burning." The march followed a demonstration in front of the Brazilian embassy which denounced the Brazilian government.

Church agrees with government

RIO DE JANEIRO (UPI)—The Roman Catholic Church in Brazil agreed with the government Tuesday that agitators were involved in last week's widespread student rioting but criticized the regime for neglecting education.

The critique was made by Jose Castro Pinto, vicar-general of Rio, who represented the church in a meeting with Justice Minister Luis Oto Silva.

"The national education budget, especially when compared to that for the armed forces, is an alarming fact," Castro Pinto said in a communique issued after his meeting with Silva.

Castro Pinto did say, however, that agitators had helped foment the riots last week in which four persons were killed and hundreds injured throughout Brazil's 22 states.

He said he had explained the church's desire to increase

social assistance to needy students, as well as provide more scholarships and improved school facilities.

The situation throughout the nation was reported calm Tuesday although in Sao Paulo a bomb was placed outside the federal police building. It did not go off.

Talk peace

TOKYO (UPI) — President Tito conferred for nearly two hours today with Prime Minister Eisaku Sato on a wide range of subjects including the middle East and the Vietnam war. Tito said on arriving Monday that his main reason for visiting Japan was furtherance of peace.

"The efforts aimed at safeguarding peace are indispensable and provide the basis for a broad common action..."
